

FanControl-U2

Connection of the module in Volvo vehicles

Module application in Volvo XC 60 (2008-2010, 2011--), XC 70 (2012--), XC 90 (2005-2014)

XC 90 (2005-2014) Group 8, subgroup 1

XC 60 (2008--) Group 8, subgroup 2

XC 70 (2012--) Group 8, subgroup 4

Vehicle CAN bus:

- CAN-L – 3rd pin of diagnostics connector
- CAN-H – 11th pin of diagnostics connector.

Standard control button:

- XC 60 (2011--), XC 70 (2012--)
Cruise control "-" button (see Figure 1)
- XC 60 (2008-2010) – front right window "UP"
- XC 90 (2005-2014) – Volume Down

Control of a (stock) heater

Module connects to the CAN-bus in any convenient location, for example to the diagnostic bus connector to pins 3 and 11. CAN is used for connection .

For detailed description of connection see Diagram 1.
